Re: 2010 Annual Report

This letter is to certify that a mathematical error was made in compiling our annual report for 2010. The error is as follows:

In the financial information section the Rental Assistance amount was reported as \$62,600.00. The correct amount of Rental and Utility Assistance provided in 2010 was actually \$84,945.00. The annual report has been corrected to reflect this amount.

If you received a copy of the 2010 annual report prior to the date of this letter please log on to [www.helpamericancharities.org](http://www.helpamericancharities.org) for an updated version.

American Charities, Inc. is a Colorado based non-profit 501 (c) (3) corporation. It is our mission to assist families needing immediate, food, clothing and counseling. We work directly as well as with other local charities in meeting this goal. The funds that we raise in a community are directly put to use in the same community to help the families in need.
